MUHAMMAD AFFAN

Full-Stack Developer

📞 +92 312 8538773 ✉ affan.work@gmail.com 📍 Industrail Area, Karachi

ABOUT ME

I'm a full-stack and Flutter developer who enjoys building practical and scalable applications. I work with MERN, React, Laravel, .NET, PHP, and Flutter, and I use ShadCN to create clean and modern interfaces. I'm currently preparing for Flutter opportunities and continuously improving my development skills through real projects and consistent learning.

EDUCATION

Aptech Learning | 2023-2026

ADSE (ADVANCE DIPLOMA IN SOFTWARE ENGINEERING)
Currently enrolled in the Aptech ADSE program and completing my 4th semester.

Superior Government Boys College | 2021-2023

Intermediate (Pre-Engineering)
Completed 2021–2023, with a focus on mathematics, computer science, and developing strong problem-solving skills.

MJM School | 2021

Matriculation (Science)
Completed with a focus on core science subjects, laying the foundation for further studies in technology and engineering.
